In preparing the Centennial edition of THOMPSON'S COIN CHART MANUAL for publication, I have deemed it advisable to adopt the shape in which it was originally published, forty-one years ago, as being more convenient for reference. Some of the old silver coins, which have entirely gone out of use, have been expunged from its pages, while their places have been filled by fine engravings of modern coins. The values attached to the various coins figured in the manual, are taken from the statement of the Director of the U. S. Mint, the values being given in gold. In regard to silver coins, the rapid decline in value of that metal makes the nominal price greater than the intrinsic value; for instance, a French five franc piece is quoted at 98 cents, but to realize this price it must be exported to France, as its silver value for melting is only 87 cents, with silver quoted at 49 pence per oz. in London.

The relative value of gold to silver has been gradually advancing, as will be seen by the annexed table.

Rome, about the Christian Era,	-	-	-	-	-	1 to 9.
England, mint price, A. D. 1344,	-	-	-	-	-	1 to 12.475.
" " 1509,	-	-	-	-	-	1 to 11.400.
" " 1600,	-	-	-	-	-	1 to 11.100.
" " 1717,	-	-	-	-	-	1 to 15.209.
" " 1816,	-	-	-	-	-	1 to 15.209.
" " 1863,	-	-	-	-	-	1 to 15.069.
" " 1876,	-	-	-	-	-	1 to 18: (about).

It is the intention of the publishers to issue a new edition semi-annually, carefully revised, and in order to make it as complete and authentic as practicable, I shall thankfully receive any suggestion or correction which may be offered. I shall be specially obliged to brokers and others who may favor me with specimens of *newly issued* foreign gold or silver coins, for which a small percentage over their market value will be cheerfully paid.

Many brokers may not be aware that the following U. S. coins, on account of their scarcity, command a considerable premium, varying according to their state of preservation. Our publishers will always pay from 25 to 500 per cent. over the face value for those contained in the following list:

THE
NATIONAL SAFETY PAPER.

To Prevent "Raising" Checks, Drafts, Etc.

Patented in the United States, Great Britain, France and Belgium.

It is the only positive protection known.

It guards fully against every alteration, either by erasure or chemicals.

It is better than any combination of words or figures, punches or stamps, as they only protect the amounts, while this prevents the removal of one name and the insertion of another in vouchers of value; it also prevents changing of dates, and protects the indorsement.

It has been tested and recommended by the United States Assay Office.

It is indorsed by the highest banking authorities.

It has been in use for four years, and has been used for over ONE HUNDRED MILLION CHECKS.

It has been tested again and again in every conceivable manner, and there has never been a single instance of successful alteration.

It costs but a trifle extra, and Banks and Bankers for their own protection should urge the use of this Paper.

THE REVENUE STAMP ALBUM.

—:0:—

This Album is specially designed to contain the Revenue Stamps of the world, great care having been bestowed in its preparation. It contains the only complete list of U. S. Revenue Stamps ever published, and is well calculated to contain in a convenient and elegant form these interesting mementoes of the greatest struggle the world has ever witnessed, and vividly illustrates the darkest pages of our national history. It is made uniform with the Common Sense Postage Stamp Album, and forms an interesting second volume to that work.

EXTRACT FROM PREFACE.

In the present state of knowledge concerning revenue stamps, it is simply impossible to make the book perfect, nor would it be advisable to do so, if the necessary data were at hand, as the supply of these labels is, at present, very limited, which would in that case, make it impossible to fill the Album. Perhaps the greatest charm in collecting revenue stamps consists in the uncertainty and romance connected with it: nearly every amateur having specimens in his album which are totally unknown to his brother collectors, and there being no definite value or degrees of value yet established; but, of course, this state of things is rapidly passing away, and ere many years, or even months have elapsed, collectors will awake to the knowledge that they have some priceless rarities among their revenue stamps, which, perhaps, have only cost them two or three cents.

Taking these facts into consideration, spaces have only been prepared for well-known and obtainable series of foreign revenue stamps; but by the plentiful distribution of blank pages throughout the book, ample room has been secured for all fiscal stamps that may be acquired by the owner. In regard to the emissions of the United States the case is very different, as nearly every American Philatelist is desirous of obtaining a complete set of the fiscal stamps of his own country. Therefore great care has been taken to provide space for every stamp that has ever been issued by our own country, with the exception of beer, spirit, and tobacco stamps, which it has been pronounced illegal to collect, but as large numbers do collect them, sufficient blank pages have been left for their accommodation, and taking into consideration their large size, they can be arranged with equal facility without the aid of lines.

AMERICAN & FOREIGN COPPER COINS.

This catalogue gives the selling price of the various series of coins of which it treats, the text being profusely illustrated with engravings of the rarer pieces, to enable the collector to determine their nationality and date of issue. The value of the American coins is given in three degrees of preservation, which will be found a valuable feature of the work.

It will be found of great value to all NEWSDEALERS and STOREKEEPERS, as it gives the fictitious value of all American copper. By its means many small traders have made hundreds of dollars by selling coins taken in their stores, which they would otherwise have passed out in change. Price 25 cents, post free.

AMERICAN & FOREIGN SILVER COINS.

This handy manual is gotten up in the same style as the Copper coin catalogue, and is illustrated with well-executed engravings, of every American silver coin ever issued, and some of the most interesting foreign ones.

Our remarks concerning the value of the Copper coin catalogue, will apply with still greater force to this, for as the silver coin which has been hoarded up for the last fifteen years, comes again into circulation, many rare and valuable pieces are sure to reward those, who take the time to look at the dates, before paying them away. It must not be thought that it is only the old pieces that are valuable, as, for instance, the publisher will pay \$5.00 for the silver dollar of 1854, and so with other comparatively recent dates.

Price 25 cents, post free. Or the two bound in one volume, with a supplement containing fac-similes, of a number of old Roman and Greek coins. Price 50 cents, post free.

The Coinage of the World;

ANCIENT AND MODERN.

This work is intended to give correct information, on a subject of which no educated person can afford to be ignorant; and yet, till the publication of this volume, it has been impossible to obtain a general knowledge of the *Coinage of the World* without reading through dozens of heavy quartos, at great loss of time and probably heavy expense.

By the aid of this book, any one can at once determine the nationality of any coin they may possess, and much interesting information concerning the cause which led to its issue. It is well filled with beautifully executed representative coins of every people, age and country, many of which have never been engraved before, and is the only comprehensive book on the subject ever published. The paper, press-work and binding are all of the very best. No library can be complete without it.

THE COMMON SENSE POSTAGE STAMP ALBUM.

—:o:—

It has received the Highest Prize wherever exhibited, and was awarded the only Diploma for Stamp Albums at the American Institute.

It has specially designed spaces for the reception of every Postage Stamp ever issued, rather larger than the Stamp itself, thus showing a neat border round each, adding much to the appearance of a set. Each space contains the description of the stamp it is designed for, thus making it nearly impossible to make mistakes in arranging the collection. It is brought up to the present time, having spaces provided for the Stamps of The Deccan, Fiji Islands, Japan, &c., &c., also, for the new issues of Canada, Ceylon, Luzon, Norway, Prince Edward Island, United States Official, &c., &c.

It is bound in the strongest manner, by the most skilful workmen, with the best materials. The following styles and prices now ready:

CLOTH, gilt lettering, back and sides,	2 50
“ guards, clasps, &c.,	3 50
“ extra thick paper, gilt clasp, printed on one side of the paper only,	5 00
HALF MOROCCO, extra fine, heavy paper, gilt clasp,	6 00
FRENCH MOROCCO, fine heavy paper, gilt edges, two gilt clasps	8 00
HALF MOROCCO, bound very strong, every other page blank, making it “perfectly permanent;” warranted ten years.	10 00
Price only	15 00
HALF LEVANT MOROCCO, gilt edges, a perfect book,	25 00
FULL LEVANT or RUSSIA, full gilt,	

EXTRACT FROM PREFACE.

“ special care has been taken to leave plenty of room for those governments that are still in existence, so as to accommodate future issues, and blank pages are left at appropriate intervals for the reception of Stamps from any countries that have not at present issued Postage Labels; but should any one desire additional leaves, specially designed pages to correspond with the body of the book are prepared for all new issues as soon as they are received. These are supplied by the publishers at a nominal rate, and can easily be inserted in their proper order by gumming them to the guards bound with the book for that purpose, thus making the Album **PERFECTLY PERMANENT**, and as good after ten years as one just published.”

THE AUTOGRAPH ALBUM.

Much has been said and written concerning the collection of autographs; many learned men maintaining that the hand writing is a sure guide to the character of the writer; be this as it may, it is certain that from the earliest authentic records of history to the present day, there has never been lack of diligent searchers after the signatures of eminent men, and no one who has studied the subject, can doubt the historic value of narratives authenticated by the signatures of well-known characters, but it is not for this class of autographs that the present volume is intended, although if desired these can be pasted with good effect on the blank pages; but rather to contain a collection of the signatures of our friends and acquaintances, and thus, perhaps, be the means of preserving the hand-writing of many loved and lost ones, or at least help to pass many a pleasant hour amongst our friends by comparing hand writing and making guesses at character.

THE COATS OF ARMS OF THE WORLD.

(RUSSIA.)

Uncolored fac simile showing size.

This magnificent chart contains accurate representations of the armorial bearings of the nations of the world, all of which are beautifully and correctly emblazoned in gold and silver, and their true colors.

As a sheet for framing, it is an acquisition to any drawing room, and is indispensable in the library or study.

As a guide to determine the nationality of foreign coins or postage stamps, (most of which bear the issuing countries' arms), it will be found of great service. While cut up and inserted in stamp albums, they will be found to add much to the appearance of the page.

Printed on fine heavy paper for framing, or on the same quality of thin paper for inserting in albums. Price, 50c.

THE MERCHANT FLAGS OF THE WORLD.

AUSTRIAN-ITALY.

BRAZIL.

FINLAND.

Uncolored fac-similes, showing size and style.

"These brilliant colored Flags faithfully represent the emblems of the different nations of the earth, and as such are a great acquisition to any Album, while the exceedingly low price (25 cents) at which they are published, places them within the reach of all."

"This Chart containing many Flags never before published, has been collected with great care, and can be relied upon as being strictly accurate, and by its aid the nationality of any ship may be easily determined, as it gives the Flag of the NATION instead of the gorgeous piece of bunting which simply belongs to one family, and is seldom, if ever, seen out of their country."

"These sheets possess three great advantages (to the Collector) over any other we are acquainted with, which consist in the facts that there is only one Flag to each country: more nations represented than have heretofore been given, and only Flags of those countries which issue postage stamps. These we consider of great importance to those who buy them to put in albums, as they can use them all instead of having to throw away half the purchase. The colors are very brilliant, and withal correct, and being printed on very thin paper, the book is not swelled to an inordinate thickness."

Beautifully and correctly printed in FIVE colors on fine heavy paper for framing, or thin paper for albums. Price only 25 cents.

In ordering please state which paper is required.

Cheap Set of 1874-5 U. S. Envelopes.

If you want to have a complete set of United States Stamps, now is your chance to procure them before they are all gone.

For the benefit of those who wish to hunt up these rare Envelopes, Scott & Co., have made up a sample set of one variety of every die from 1c. to 10c. Each stamp having the number of the die marked on it, by the aid of this lot many collectors will be able to find the complete set among the various country post-offices, which heretofore they have been unable to do, not being able to distinguish the different dies, and thus, perhaps, losing the chance of getting five dollar stamps for a few cents.

This set consists of the following : 1 cent, Dies A and B ; 2 cents, Dies A, B and C ; 3 cents Dies A and B ; 5 cents, Die A ; 6 cents, Die A ; 7 cents, Die A ; 10 cents, Dies A and B

The entire set uncancelled cut square and in perfect condition with the die marked on the back for the unprecedently low price of \$2.00.

Amateurs will consult their own interest by ordering immediately before they are all gone.
